Dear Valued Customer,

In the month of May we feel the first snaps of chill to tell us that winter is around the corner. It’s time to think about weekend breakaways and mini-holidays in the sunnier pockets of our beautiful country to soak up the last of the summer before we get to cosy up to roaring winter fires. Let’s warm up autumn by all supporting the local tourism industry. You can read more about our own commitment to the industry here.

May is also the month of celebrating mothers. Gone are the days when you could simply sign your name on the family card and give her something made out of glitter glue during craft time. Rather spoil her by giving her happy memories in the form of a flight ticket to one of our featured destinations.

Looking a little further north, beyond our border, we celebrate 25 years of flying to Nairobi this month.

Warm yourself with this and some other news from SAA. Enjoy.

This month we celebrate 25 years of flying between Johannesburg and Nairobi. It is impossible to measure the exchange of ideas as well as the partnerships and friendships that have formed between South Africa and Kenya through this bridge in the great wide open African sky.

The ins and outs of kids flying unaccompanied

Our unaccompanied minors service ensures that from check-in to destination, your child is always under the best care. Book a flight with South African Airways with the knowledge that your child will be taken care of when travelling alone. An unaccompanied minor is a child (5 to 11 years old).

One small change. One big difference

We all have a responsibility to do our bit to preserve the natural resources of our planet. As an airline, any change we make in our operational procedures can result in massive savings in energy and reduce our carbon footprint.

Our newer planes and jets engines now burn...
Children, under the age of five, are not accepted for the unaccompanied minors service.

For the purpose of fares, any passenger between the ages of 12 to 16 is considered an adult. Therefore, no special handling is required unless requested by the parent.

Reservations for unaccompanied minors cannot be booked online. Please contact our call centre on 011 978 1111.

Place a meal request for your child at time of booking, or at least 24 hours before departure.

Inform us of any critical information such as the language of the child if he/she cannot speak English, first time flyer, date of birth and medication. As for the latter, some children might need to be cleared by our medical reservations office.
